

PARENTS' GROUP

As the 2012/2013 class year starts off, we'd like to provide a vehicle for the parents of students participating in Frequent Flyers® classes to formalize their already valuable contribution. This may include:

- Forming a community to support one another (e.g., car pooling)
- Organizing and volunteering at performances, fundraising efforts and other initiatives to support FFP and its students
- Acting as an advisory group to FFP, providing feedback and ideas from the parents' perspective
- And anything else the group would like to propose – this is a new initiative and its exact mission will be driven by the volunteers!

This group is entirely voluntary. Time commitments will be driven by each member's own interests and availability. We understand how busy everyone is, don't shy away if you are interested but only have limited time.

If you are interested in this group, please contact Lisa Quilici, mother of two longtime FFP students, at lquilici@ceadvisors.com

Lisa will schedule a meeting of the interested parents later in September to discuss the formation of the group, its charter and next steps.

Thank you for being a part of the Frequent Flyers® Family!
